## Editorial

***“India, a land which gave birth to civilization in ancient times and where much of the earlier tradition and wisdom guides actions even in modern times the philosophy of Vasudhaiva Kutumbakam which means that the whole universe is one family, dominates global efforts to protect the global commons”.***

We are profoundly privileged to bring before you the efforts of a few genius minds in the form of “**Bio Bulletin**”. Its aims to encourage to make aware the human being towards scientific attitude for the betterment of ecosystem and social life.

Biology is a very diverse discipline which can be defined as the study of the various aspects of life. Great technological and computational advances in the past decade has led to the development of fine tools and techniques which has enabled researchers to study and understand the basic principles of life science at a higher resolution. As a results, vast amount of new information is being generated every day at a speed as never before. This creates a need for fast communication of this new knowledge within scientific community so that it can be applied for overall betterment in all aspects of life. But we need a vehicle which can channel this new knowledge among global scientist in a faster and easy to access manner. So, our new journal, **Bio Bulletin** will serve this need. Bio Bulletin will provide in-depth coverage of various aspects of biology, from very fundamental to applied mechanisms. Main feature of Bio Bulletin will be to highlight recent developments and cutting edge research in the field of biology. We understand that timely communication and publication of important findings can hugely benefit early career researchers. So, to meet this requirement, quick peer review, open access and early online publication will be some of the key features of Bio Bulletin.

With that I strongly recommend that you send your research findings for publication in Bio Bulletin. Your comments and suggestions will be highly appreciated.

Warm regards,

Dheeraj Vasu, Ph.D.

Managing Editor

## AIM AND SCOPE

“Bio Bulletin” (ISSN NO. (Print): 2454-7913, ISSN NO. (Online): 2454-7921) is a Free Open Access, peer-reviewed scientific journal in the field of biology online research journal. “Bio Bulletin” is efforts to motivate the scholars and researchers towards the scientific attitude. It is published by Research Trend from editorial offices in New Delhi, India. It is biannual journal and invites original work in the following field i.e. Taxonomy, Forestry, Biotechnology, Bioinformatics, Microbiology, Biochemistry, Genetics, Genomics, Cell Biology, Molecular Biology, Mycology, Toxicology, Ichthyology, Entomology, Limnology, Marine Science, Nematology, Ecology, Biodiversity, Environmental Science, Soil Sciences, Agriculture, Agriculture Management, Ethno botany, and Physiology, integrative biology and Physical education. Article can be research papers, review papers, or short communications. Research papers should be Original, indicating the period (years) of experimentation, based on data of minimum two years and for full research paper work must not be of more than 5 years old.

## Instructions to Authors

“Bio Bulletin (ISSN NO. (Print): 2454-7913, ISSN NO. (Online): 2454-7921)”

### MANUSCRIPT

Title and authors names with mobile numbers, E-mails and address must be given in the front page. This must be followed by the abstract on separate page. Thereafter, Introduction, material and method, results and discussion, acknowledgements, references. Tables, photographs and all figures including drawings, graphics, and diagrams must be attached where they require in manuscript. The manuscript should be in 10 point size with Arial font in MS-Word 2003 or 2007 only.

**Title:** Title should be short, specific and informative. The title page should include the names (s) of author(s), affiliation, and mailing address with e-mail of corresponding author, a running short title not exceeding 40 characters.

**Abstract:** Abstract written in complete and simple sentence, should not be more than 150 words. Key words (maximum 5). Keywords may be atleast 5.

**Introduction:** Introduction part should be brief and limited to the problem or the aim and scope of the experiment.

**Material And Methods:** Material and methods relevant details should be given including experimental design and the technique (s) used along with appropriate statistical methods used clearly along with the year of experimentation (field and laboratory).

**Results and Discussion:** Results and Discussion should be combined to avoid repetitions. Result should be supported by brief but advocate tables or graphic or pictorial presentation wherever necessary.

Self-explanatory should be typed on separate sheets, tables should fix in the normal page layout. All recent relevant literature should be discussed critically. All figures including drawings, graphics, and diagrams should be formatted preferably by MS-Word.

If drawn in Excel the data file may also be submitted along with graphs. Scanned images of photographs must be in minimum 300dpi resolution softcopy in. tiff or .jpeg and hardcopy should be submitted. A line drawing and photographs must have legends. Original artwork should accompany two copies. Repetition in graphic and tabular matter ought to be avoided.

**References:** The style quoting should be as follows

#### **Research article:**

Bahuguna, A. and Mukherjee, S. K. 2000. Use of SEM to recognize Tibetan antelope (Chiru) hair and blending in wool products. *Science and Justice*. **40**: 177–182.

#### **Proceedings/Seminar/Conference papers:**

Estruch, J., Warren, G. W., Mullins, M. A., Nye, G. J. Craig, J. A. & Zoziel, H. G. 1996. Transgenic Plants: An emerging approach to pest control. In: *Proceedings of National Academy of Sciences*, 1995, USA, **93**: 5369-5395.

#### **Book and chapters:**

Winston, J. E. 1999. *Describing Species*. Columbia University Press, New York pp.518

Stork, N 1997. *Measuring Global Biodiversity and its Decline* (Eds. Reakakudla, ML, Wilson, D E and Wilson, E O ) Biodiversity II, Joseph Henry Press, Washington DC, p.41-68.

Articles should be computer-typed (10 font size Times New Roman), double spaced throughout on A-4 papers in MS-word. British spelling should be followed. All queries marked in the annotated MS by editor/ reviewer (s) must be replied and returned back promptly. In case of an article having more than one author, the entire correspondence regarding article will be made with correspondence author. Authors are required to sign a copyright form granting the Publisher rights for all papers accepted for publication. Process will not start until we have received of a signed copyright form.
